GEODERMA

Contents Volume 71, 1996

Research Papers

Pedogenesis and relict properties of soils with columnar structure from Roraima, north Amazonia
C.E.R. Schaefer and J. Dalrymple 1

Small scale distribution of Al, heavy metals, and PAHs in an aggregated Alpine Podzol
W. Wilcke, R. Bäumler, H. Deschauer, M. Kaupenjohann and W. Zech 19

Development of a world data set of soil water retention properties using pedotransfer rules
N.H. Batjes 31

Ion dynamics in acid forest soils as affected by addition of Ca fertilizers
Q. Ponette, S. Belkacem and C. Nys 53

Sulfur isotope composition of soils and fertilizers : Differences between Northern and Southern Hemispheres
C. Mizota and A. Sasaki 77

Nature and properties of iron rich glaebules and mottles from some south-west Australian soils
B. Singh and R.J. Gilkes 95

Pedogenesis on talus slopes, the Buckskin range, Nevada, USA
R.R. Blank, J.A. Young and T. Lugaski 121

On the 1995 flooding of the rivers Meuse, Rhine and Waal in the Netherlands: metal concentrations in deposited river sediments
H.Th. Wolterbeek, T.G. Verburg and Th.G. van Meerten 143

Soil geomorphology on bedrock and colluvial terrain with permafrost in central Alaska, USA
D.K. Swanson 157

The use of element : clay-ratios assessing gains and losses of iron, manganese and phosphorus in soils of sedimentary rocks on a landscape scale
M. Sommer and K. Stahr 173

Phosphorus transformations and redistribution during pedogenesis of western Canadian soils
L.P. Letkeman, H. Tiessen and C.A. Campbell 201

Properties and soil development of late-Pleistocene paleosols from Seward Peninsula, northwest Alaska
C. Höfle and C.-L. Ping 219

A method for measuring the development of surface cracks in soils: application to crack development after lowland rice
A.J. Ringrose-Voase and W.B. Sanidad 245

Soluble and particulate transfers of Cu, Cd, Al, Fe and some major elements in gravitational waters of a Podzol
C. Keller and F.-L. Domergue 263

Soil science in a holistic framework: discussion of an improved integrated approach
E.M. Bridges and M. Catizzone 275

Some physical and chemical factors contributing to fragipan strength in Kentucky soils
M.L. Norfleet and A.D. Karathanasis 289

Book Reviews 303
